

The Architectural Review Committee (ARC) is in place for the purpose of reviewing, approving, suggesting changes to, and rejecting plans and specifications for new home builds. The ARC will also work with homeowners for improvements including house color changes, driveway extensions, and swimming pools.

If you have any questions as you are preparing to build, the ARC may be reached at: arcboard@thespringsathighrock.org

The Build Process in The Springs at High Rock

*Retain this top page as a reference, submit the rest of packet at your meeting with ARC

CONSTRUCTION APPROVAL FORMS

Form 1: Letter of Acknowledgement from Owners:

To be completed for each application submitted to The Springs Architectural Review Committee for approval.

This acknowledges that I have reviewed and that I will abide by the following documents available on [The Springs at High Rock - North Carolina homeowners association information](#) website:

- The Declaration of Covenants, Conditions, and Restrictions of The Springs at High Rock Subdivision in effect the day of formal submission of build.
- The Declaration of Restrictive Covenants of The Springs at High Rock Subdivision
- Requirements of the Architectural Review Committee (ARC) for building in The Springs in effect the day of formal submission of build.
- Schedule of Penalties in effect the day of formal submission of build.

I understand that I cannot make any exterior alteration or change of an approved plan to my home such as the overall exterior appearance, trim, siding, roofing, stain/paint, driveway and/or walk location, garage, outdoor lighting, pool, landscaping plan, etc. without prior submission of a written request for the change(s) to The Springs ARC, and have received their written approval.

I state that I am current on all assessments for the property. Further, I agree to pay any expenses to correct exterior changes made without written approval. I will hold The Springs Homeowners Association, Inc. harmless for such action.

Agreed: _____

_____ (Signature of property owners)

Lot Number: _____

Street Address: _____

Date: _____

E-Mail Address: _____

Phone: _____

Form 2: Letter of Acknowledgment from General Contractor/Builder

To be completed for each application submitted to The Springs Architectural Review Committee for approval.

This acknowledges that I have reviewed a copy of the Declaration of Covenants, Conditions and Restrictions of The Springs Subdivision, and the Requirements of the Architectural Review Committee (ARC) for building in The Springs in effect the day of formal submission of build, and that I and all others contracted by me for construction on the property listed below will abide by them.

This agreement must be signed and submitted by the builder at a scheduled ARC meeting or at another designated time when the ARC, Homeowner, and the builder can schedule a meeting.

Agreed: _____
(Signature of General Contractor/Builder)

Form 3: Design Approval Checklist Part 2

Drawings Checklist:

A. Site Plan that shows:

1. Property Lines (identify adjacent lots/homes)
2. North Arrow
3. Scale
4. Setbacks
5. Footprint of entire structure(s)
6. Corners of adjacent structures
7. Location of well & septic
8. Material drop off location
9. Dumpster and porta potty location
10. Location/ composition of drive & walks
11. Topography, erosion, and drainage control plans
12. Retaining Walls (if any)
13. Location of Service Areas (heat pumps, generators, buried propane tank, etc.)

B. Photos of lot

1. From ARC requirements: Photographic documentation of the lot prior to any tree removal or grading on a lot. This includes pictures taken from the **roadside** (showing common area), from the **center of the lot** in all directions, and **from lakeside on waterfront lots**. Lot boundaries should be identified in the photos. Existing trees and other vegetation must be shown along the entire length and width of the lot. Any streams on the lot must also be photographed.

C. Floor Plans of all structures (digital or full-size blueprints showing sq. ft.)

D. Elevations of each side

1. Exterior materials listed (Use separate list, page 6)

2. Door & window locations _____

3. Roof pitch & materials _____

4. Finished grades _____

Fees Paid (Requirements 1-h):

A. Non-refundable Architectural Review Fee* (\$500) _____

B. Non-refundable Road Fee* (\$3,000) _____

C. Refundable construction bond* (\$5,000) _____

** Made payable to: The Springs at High Rock HOA*

Exterior Materials, Color Selections and Aesthetic Considerations for Builds in The Springs at High Rock

Actual Samples Must be Presented before Final Approval can be granted

Per Architectural Review Requirements: Materials and colors for exterior surfaces are to be muted, nature-blending colors. There are to be no white, off white, multicolor (more than two), or high contrast color themes. Primary exterior colors with a Light Reflectance Value (LRV) greater than 65 are not allowed. The ARC must approve all color themes and materials. A change in either during construction must be reapproved by ARC. Visible foundations must be faced with brick, stone or cultured stone, or be stucco tinted to complement the house. Retaining walls must complement the style of the house.

The home must have a custom look using natural materials, limited vinyl, varying roof lines, gables, bumps outs, etc. Cookie cutter subdivision style home designs will struggle to gain approval.

Reference Site: <https://www.brickandbatten.com/painting-your-house-white-understand-lrv/>

Please list both Manufacturer of Material and Name of Color proposed including samples for the items underlined.

Exterior Section	Material Selected	Color Selected (include Manufacturer's Name if possible)	<u>Sample Submitted</u>
* <u>Roof Material/ Color</u>			
* <u>Custom Accents Stone/Brick/Mortar/ etc/ Color</u>			
* <u>Siding Material/ Color, limited vinyl</u>			
* <u>Garage Door/ Color</u>			
* <u>Front Door/ Color</u>			
* <u>Exterior Trim/ Color</u>			
◆ <u>Visible Foundation Facing Material/ Color</u>			
◆ <u>Retaining Wall Facing/ Color</u>			
<u>Windows/ Color</u>			
<u>Gutters & Downspouts/ Color</u>			
<u>Columns/Color</u>			

If more space is needed to describe materials and/or colors selected, please add to back of form or on an additional sheet.

Form 4: Landscape Approval Checklist (This form to be completed before final inspection review):

Per ARC Review Requirements in effect the day of formal submission of build:
Landscaping designs should seek harmony with and preserve the wooded and rocky character of High Rock Mountain. The use of existing natural growth areas as part of the landscape design is encouraged. Large lawns should be avoided as these require removal of too many trees and extensive watering. Plantings that require extensive watering should also be avoided in consideration of the potential to deplete not only your well but also those of your neighbors. Plantings must be chosen and sited to ensure that at maturity the lake views and mountain vistas enjoyed by neighboring properties (improved or not) are not compromised. Removing trees from another owner's property to improve a view or for any other reason without written permission from both the property owner and ARC is forbidden and may result in legal action. When the property owner or contractor considers the landscape installation complete according to the approved plan, notify the ARC so that a Landscaping Inspection can be scheduled. Return of any applicable deposits will not be considered until the Landscaping Inspection has been completed and approved. Property Owners of home-build projects completed in winter months (December through March) may request a deferment of the Landscaping Inspection and approval until weather permits. Upon verification and approval that all other requirements have been satisfied, the applicable deposit may be refunded at that time, subject to ARC approval.
